Project meetings

Details
Published: 01 April 2014

In UERRA there are General Assemblies (GAs), Workshops and other specialized meetings.

Subcategories

GA 1

The first General Assembly of the UERRA Consortium was held 26-27 March 2014 at the Met Office, Exeter, UK. A summary with some comments from the meeting is available here. You can see the programme and download the presentations from the meeting.

WP3 Definition Workshop

The WP3 Evaluation definition Workshop was held 26-27 June (mid-day) at DWD. The common evaluation procedures, data sets and archiving were discussed. A comprehensive definition document was worked out. Several potential users gave their input and took part.

MST meetings

GA 2

The second General Assembly (GA) was held at the URV premises in Tortosa in Catalonia, Spain, 27-28 January 2015. The final (actual) Agenda can be found below. In there are the links to the presentations.

GA 3

The General Assembly number 3 will be held 1-3 February 2016 in Toulouse. It will be kindly hosted by Météo-France at their headquarters. The meeting will be from noon to noon (14.00 on the Monday - 12.30 on the Wednesday). More information will be posted here nearer to the event.
